

# Non-native, Invasive Plants *Plantas invasoras*

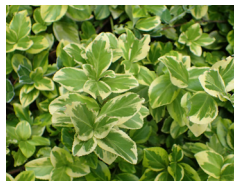

Help protect our environment. Remove these from your yard - and don't plant them!

English ivy  
*Hedera helix*

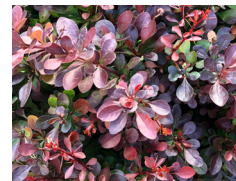

Periwinkle  
*Vinca minor/major*

Wintercreeper  
*Euonymus fortunei*

Chinese wisteria  
*Wisteria sinensis*

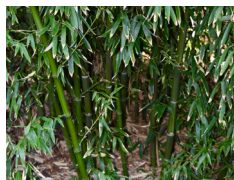

Japanese barberry  
*Berberis thunbergii*

Burning bush  
*Euonymus alatus*

Privet  
*Ligustrum spp.*

Golden bamboo  
*Phyllostachys aurea*

Heavenly bamboo  
*Nandina domestica*

Callery pear  
*Pyrus calleryana*

## Native Plant Alternatives *Alternativas nativas*

Support pollinators and wildlife with plants that are local to Northern Virginia.

**Trees:** American hazelnut, Black cherry, River birch, Witch hazel, Canada serviceberry

**Groundcovers:** Creeping/moss or woodland phlox, Lyreleaf sage, Green-and-gold

**Shrubs:** Winterberry, Buttonbush, Carolina rose, Strawberry-bush, Blackhaw viburnum

**Vines:** Trumpet/coral honeysuckle, Virginia creeper, Yellow or purple passionflower, Crossvine, Virgin's bower

## FORESTRescues

The city has launched a **new program to combat the spread of non-native, invasive plants** in our parks and woodlands. Residents can get involved by joining the city for a scheduled volunteer workday or getting trained and certified to work independently.

Scan Me!

En español: ¡Ofrécete como voluntario en los parques de la ciudad para eliminar plantas invasoras! Obtén más información en el siguiente enlace.
